## Projects

---

### Watchwise – Movie API based website :

March 2024

- Tech used: React.js, CSS, Netlify.
- Designed a Movie website that caters to diverse Categories needs and user-friendly interface.
- Incorporated dynamic elements and filters with React for enhanced interactivity.
- Developed a dynamic movie website with React and ensuring a robust, interactive platform tailored to unique filter and deployed it on Netlify for global accessibility.

### Chat app :

Dec 2023

- Tech used: Node.js, React.js.
- Utilized Node.js and React.js to build a responsive chat app supporting real-time communication between users.
- Designed and implemented features allowing users to join and interact in multiple groups, enhancing collaborative communication.
- Focused on creating a smooth and intuitive user interface to provide an engaging user experience.

### Online shopping website :

April 2023

- Tech used: HTML, CSS, JavaScript, Bootstrap, React.js.
- Created an online mobile store using HTML, CSS, JavaScript, Bootstrap, and React.js to display various products and their details.
- Implemented features to showcase products with comprehensive descriptions and images, enhancing user decision-making.
- Ensured a versatile and easy-to-access user experience across different devices by leveraging Bootstrap and responsive design principles.

## Summer Training

---

### Data Structures and Algorithms – self paced | | GEEKSFORGEEKS

June 2023 - July 2023

- Solved problem involving graphs, trees and heaps.
- Understand the concepts of Dynamic memory management, data types, algorithms.
- Implementation of DSA in real life projects.
- Apply algorithm for solving problems like sorting, searching, insertion and deletion of data

## Certifications

---

- |  |            |
|--|------------|
| • Introduction to MongoDB for Students                     | July 2024  |
| • Developing Front-End Apps with React.                    | April 2024 |
| • HTML, CSS, AND JavaScript for web developers   Coursera  | March 2024 |
| • Server side JavaScript with Node.js   Coursera           | March 2024 |
| • Stanford University Algorithms Specialization   Coursera | May 2023   |

## Technical Skills

---

**Languages:** Java, JavaScript, C++, C

**Technologies/Frameworks:** HTML, CSS, jQuery, Bootstrap, React JS, Angular, Node JS

**Data Management:** MySQL, MongoDB

**Skills:** Data Structures and Algorithms, Problem-Solving, Responsive Web Designing

## Education

---

### Lovely Professional University Punjab

Computer Science and Engineering — CGPA: 7.59

2021 – 2025

Jalandhar, Punjab

### Winner's junior college

Intermediate Education — Percentage: 90.6%

2020

Warangal, Warangal, T.S.

### Sharada high school

Matriculation — CGPA: 9.3

2018

Warangal, Warangal, T.S.
